

To Nutcracker Parents

As you may have guessed, the task of assigning Chaperones & Security to each show is very important and time consuming. The primary concern is of course the children. I have tried to utilize, as many parent volunteers as possible while still maintaining the backstage continuity necessary to provide the comfort the children need for a great performance each show. I thank each of you in advance for your time and understanding. Without it “the show could not go on”.

Please initial in the margin next to your name (each show) so we can be assured you can work your assigned dates. (You can email me your acceptance of your dates or initial at the Nutcracker call board at the studio). If you have a scheduling conflict with your assigned dates, please submit the problem by email to marla@sacballet.org as soon as possible. **Please do not make substitutions with other Chaperones or Security, this will be done by the Nutcracker Coordinator.**

IF YOU ARE INTERESTED IN FILLING A SPOT.... We would love to have your help but please be aware it is probably not with your child or may not be in the same dressing room or building. Please email me (marla@sacballet.org) which show you can fill in a spot, they will be filled on a first come basis.

Thank you.

X indicates you have already approved your dates!
