

Community Partner Spotlight - March

Within reach, beyond expectation.

Western Health Advantage has once again stepped to the fore, demonstrating their ongoing investment in the quality of life in our region. Long a supporter of the arts, Western Health Advantage is the Signature Sponsor of Ron Cunningham's Carmina Burana at the Community Center Theater on March 25 – 28. As the result of this support, we are able to bring extraordinary dance to the stage, as well as live music, excellent vocal soloists and a full chorus. They make possible a full theatrical experience.

Western Health's commitment to our region goes beyond excellent health care. A core value in their Mission is to "affect positive change in our community through charitable outreach and volunteer efforts." They "walk the walk" by supporting the activities of a wide variety of local nonprofit organizations – both through corporate donations and through literally thousands of hours of donated time and energy by WHA employees.

WHA CEO Garry Maisel serves as a Chairman on the Mayor's For Arts Sake Committee, and is personally involved in a wide variety of local charities.

We are pleased to recognize and congratulate **Western Health Advantage**, and all of the "people power" they bring to our community, for their support of the Sacramento Ballet.
